

## **SOUTH FLORIDA EAST COAST CORRIDOR STUDY COME TO A PHASE 2 PUBLIC HEARING! MIAMI-DADE, BROWARD AND PALM BEACH COUNTIES**

The Florida Department of Transportation District Four will conduct a **public hearing regarding proposed transit improvements along the South Florida East Coast Corridor**. Citizens are invited to give their comments about technologies, route plans and station locations at any one of five sites in Miami-Dade, Broward or Palm Beach Counties.

The study seeks to improve north-south mobility by providing new regional and local passenger service along an 85-mile segment of the Florida East Coast Railway between downtown Miami and Jupiter in Palm Beach County.

Each hearing will begin with a 30-minute open house where citizens can talk with study team members. A formal presentation will follow after which there will be a public testimony period, when comments and opinions are entered into the public record, one person at a time. Study team members will also be available to discuss the project and answer questions after the public comment period.

### **WEST PALM BEACH**

TUESDAY SEPTEMBER 14
